

## Brain Cleaner

## Mortification

Bring up the young in the way of the Lord  
When they are old, they will not depart  
From the word that cleans their brain  
Learning young to avoid the pain

Brain Cleaner

When the devil comes knocking at your door  
Hold up the Book that kills like a sword  
Never mind the pain that it inflicts  
You have the power to be victorious

All the filth surrounding the world  
What you gonna do to see the new moon?  
Open the words from the Book of Life  
Light exudes the dark of the night
