

Sorrow

Mortification

Sorrow, in my mind, sorrow, time to
Time, sorrow, for my pain, sorrow,
Why this way?

Fairy tales in life, don't seem to be real,
I will join in suffering, just as many more,
The way that I can change, my inadequacy,
See myself as a child of life, banish helpless thoughts.

The desire to leave a mark, a legacy in this world,
Hammered by pain and thoughts, that stumble the path,
Rise above this onslaught, a feeling of loneliness, sorrow in my heart,
Please help me God!
