

## Until The End

### Mortification

As I await my time  
I assume the responsibility  
With my heart in Christ  
His direction is revealed to me

He gives me eyes to see  
Real life reality  
Living day by day  
Along His chosen way

I used to follow idols  
Things upon the earth  
They added up to my selfishness  
I learned that Christ must be first

Spiritual maturity is what we require  
Eternity proceeds our death resist the rebels desire  
You need to make a stand  
Get on your knees and pray  
Turn from your selfish past  
Put your pride away  
Seek God with all your heart  
Listen to His voice  
Satan has denied the truth  
You must make a choice

To take your life away from Christ  
What's it really worth  
To exit from eternal life  
And die upon the earth
