You don't need a disclaimer  
You're not really famous  
So get your fucking chin out of the sky  
I will never stop 'til I'm on top, create a new diversion  
Virgins begging for a hit with original style

I don't need a disclaimer to get into heaven  
I know I've made mistakes

Try and judge me...  
(I'll) tie that rope around your neck and kick your throne out!  
Fuck you!

Fuck you!

Is a product of religious bigotry or criminal intent in the name of God  
Who the fuck are you to tell me what I can and can't do or say?  
No thanks, fuck you  
It's my life, my body and my love to give  
Dear Ignorance, I'll see you in hell!
