

Dirt Digger/How Much

Motograter

Diggin' deep down
Into my fucking mind
Twistin' my thoughts
While I begin to vomit

Shut the fuck up while I'm talking to you

Crackin' your bones
While it's splittin' your skin
You're scared
And you're frightened
Wishing that we never met

Shut the fuck up while I'm talking to you
I said Shut the fuck up while I'm talking to you

What have I done
To deserve this
What will it take
When will you learn

Shut the fuck up while I'm talking to you

Can not feel pain
Driving me insane
Controlling my life
Crushes my pride

Shut the fuck up while I'm talking to you

Feelin' weighed down
Draggin' my fucking knuckles
They're scabbed and all crusty
While I begin to vomit

Shut the fuck up while I'm talking to you

Crackin' your bones
While it's splittin' your skin
You're scared and you're frightened
Wishing that we never met
Shut the fuck up

Get out of my life
I don't need this
Fuck this bullshit
Don't get me pissed
Shut the fuck up

Get out of my life
I don't need this
Fuck this bullshit
Don't get me pissed

Shut the fuck up while I'm talking to you

How Much

How much do you think it's worth
To be stuck here on this earth
With the beggars and the liars
And the greedy empires
How much would you pay for the
Girl who tells you just how things should be
When she takes everything you've got
She'll leave your soul in hell to rot

So How much, how much, how much
How much, how much, how much
How much, how much, how much

How much are you willing to put down
When your turn finally comes around
Why don't you just give it all to me
Because I, I can finally see
How much life is really worth
It's the truth that fucking hurts
It gets right down inside your soul
Then it, then it eats you whole

So How much, how much, how much
How much, how much, how much
How much, how much, how much
