

All Around And Away We Go

Mr Twin Sister

All around and away we go
To find it again
This is Earth, yours!
Filling up your heart with hiss
You've shown me kindness, and I felt Touch
Resurrected, sharing white bread
Under purple-blue blossoms
I'm smiling for two

All around and away we go
Keep it up and we'll win
I'm knowing you, and this is love until the end
Merry go round sends a wave of good humor
Feel the power of my many destinies
They'll all come true!
