

# Hungry No More

Mudcrutch

Won't be here when winter comes  
I ain't holding out my hands  
Over a fire in a can  
Over a fire in a can

Goliath was tall  
King David was small  
You can live on nothing at all  
You can live on nothing at all

And I ain't gonna be hungry no more  
No, I ain't gonna be hungry no more

This child broke my heart  
And then just carried on  
Like nothing happened at all  
Like nothing happened at all

And I ain't gonna be hungry no more  
No, I ain't gonna be hungry no more

Nobody cried for me  
There ain't nothing to renounce  
The world will turn somehow  
The world will turn somehow

And I ain't gonna be hungry no more  
No, I ain't gonna be hungry no more  
No more
