

Miss You

Mura Masa

(Chorus)

Do you wanna talk
Do you wanna drink
Do you wanna sing
Or maybe we'll just dance
I could hold your hand
Or just stare at your face
I wanna be loved, be loved, be loved
be loved by you

(Hook)

Maybe we should go somewhere(3x)
Let's get out of here
Maybe we should go somewhere(3x)
Let's get out of here
Cuz I miss you
that's the truth
I miss you
What do I do(2x)

(Chorus 2)

It's too early you know that I'm awake
It's just how I live quietly (well maybe)
By myself I'm asking why
Why didn't I give the girl a bigger
Piece of my heart
My Heart (I miss you)

(Bridge)

Do you wanna go somewhere(5x)
Cuz I miss you
That's the truth
Cuz I miss you(2x)
What do I do
Can We(Shouting echo)
Can we rewind for the night (repeated)
(I miss you)

(Ending)

Can we rewind for the night
We keep looking but never find
