

# Break It to Me

Muse

(Break it to me)  
(Break it to me)  
(Break it to me)

Don't dress it up but don't beat around the bush  
And don't cover it up but don't push it underground  
And don't keep it inside and don't edit and redact  
And no dumbing it down  
And don't fake it, just

(Break it to me)  
(Break it to me)  
(Break it to me)

And I can handle the truth  
I can cope with whatever you're holding back  
No need to sugar coat  
Just  
(Don't dress it up but don't beat around the bush  
And don't cover it up but don't push it underground  
And don't keep it inside and don't edit and redact  
And no dumbing it down  
And don't fake it, just)

(Break it to me)  
(Break it to me)  
(Just break it to me)

I know how to mend  
I can rise high above the ashes  
I'll re-invent  
I will re-emerge  
Reborn

(Break it to me)  
(Break it to me)

Don't dress it up but don't beat around the bush  
And don't cover it up but don't push it underground  
And don't keep it inside and don't edit and redact  
And no dumbing it down  
And don't fake it, just

(Break it to me)  
(Just break it to me)

I know how to mend  
I can rise high above the ashes  
I'll re-invent  
I will re-emerge  
Reborn

(Break it to me)  
(Break it to me)  
(Break it to me)

(Break it to me)

(Break it to me)  
(Break it to me)
