Ignorance pulls apostasy and apathy still rules yeah you know i
t's cool

Just suck and see a future turn us into silent gods and i won't
miss you at all

Fate can't decide alignment of the planets in your hands, come
on crush our plans

Just suck and see a future that won't let you disagree and i wo
n't miss you at all

Grounded boxed in like the evil in your veins

Grounded boxed in I am stuck with you

Feel it hear it apathy, see it be it you'll see
