

The Handler

Muse

You were my oppressor
And I,
I have been programmed to obey

Now, you are my handler
And I,
I will execute your demands

Leave me alone
I must dissociate from you

Behold
My transformation
And you
Are empowered to do as you please

My mind
Was lost in translation
And my heart
Has become a cold and impassive machine

Leave me alone
I must dissociate from you

I won't let you control my feelings any more
And I will no longer do as I am told
And I am no longer afraid to walk alone
Let me go, let me be
I'm escaping from your grip
You will never own me again
