

I Am the One

Mushroomhead

I can no longer abide
Can no longer subscribe
So cancel me from this convoluted vanity
Keep it all

I am the one that you love to hate
I am the one that you hate to love
I am the one that you love to hate
I am the one that you hate

Break left, break right
I see the end in sight
Let's keep it tight let's keep it tight
Break left, break right
I see the end in sight
Blinded by the night
Let's keep it tight let's keep it tight

Fences you mend
Well wishes you send
Still nobody gives a fuck in the end
Fences you mend
Well wishes you send
Still nobody gives a fuck in the end

Hated adversary
Faith collapsed, insanity

I can no longer abide
Can no longer subscribe
So cancel me from this convoluted vanity
Keep it all

I am the one that you love to hate
I am the one that you hate to love
I am the one that you love to hate
I am the one that you hate

Poisoned, polluted and easy to kill
Brainwashed, your mind's lost surrendered at will

Hated adversary
Faith collapsed, insanity
Hated adversary
Faith collapsed, insanity

Fences you mend
Well wishes you send
Still nobody gives a fuck in the end

I can no longer abide
Can no longer subscribe
So cancel me from this convoluted vanity
Keep it all

I am the one that you love to hate
I am the one that you hate to love

I am the one that you love to hate
I am the one that you hate
