

Christalena

MxPx

Cristalena, ya she's so cool
Cristalena, she's out of control
Half the time she don't know where she's at
Cristalena don't know much about that
But you know, and I know Cristalena
But you know, and I know where I've seen her
Cristalena, she's in her own world
She's always happy as a littly girl
Cristalena's nice unless she's annoyed
Cristalena happens to like boys - but not me
Cristalena, where'd you go?
Don't even know where you've been
Cristalena, won't you stay?
Please don't go away, won't you be my friend?
