

I need the kind of girl that knows
a girl that likes to wear my clothes
someone who always buys me coke
someone who laughs at all my jokes
that's the girl that I want to see
fall in love with me
that's the girl that I long to know
oh how I love her so
I'm looking for a girl who writes me songs
and talks to Jesus all day long
and the way she does her hair
no one else can compare
I'll probably meet her at a show
when I look at her I'll know
that she's the perfect one for me
and with her I will always be
the one for me
