

That Point When

My Brightest Diamond

That point when something impossible
Comes to be coincidentally
That's when I stop believing
That gravity is holding me

"Do you feel it's too late?", she asked
"No, never", I said (yes, it's too late)
No, never (too late, too late)

"Do you believe it's too late?", she asked
Yes, no and never
Yes, no and never
That point when
