My Ticket Home

I dwell alone with thoughts I had
It's all I know
It's what I am

I want to know myself like you do
I want to know myself like you
I want to know myself like you do
I want to know myself from you

Give me a new energy until my loneliness is gone
You are the push
I am the pull
I bathe in your energy until my loneliness is gone
You are the push
I am the pull
