

See These Bones

Nada Surf

Everyone's right and no one is sorry
That's the start and the end of this story
From the sharks and the jets
To the call in the morning

Everyone's right and no one is sorry
That's the start and the end of this story
From the sharks and the jets
To the call in the morning
And life is just bets anyway

Look alive, see these bones
What you are now, we were once

Try as they might, no ones immune to
Misfiring and acting on the wrong clues
And thinkin' it's time to redo and redo

I feel rain in the movies and the talk before the screen lights
I hear strings in the park
I don't like to call her right, except when its too late at night
I mostly just think in the dark

Look alive, see these bones
What you are now, we were once
Just like we are, you'll be dust
And just like we are, permanent

You were too tired to eat, too hungry to sleep
Just imagine the speed, it's just what you need

Look alive, see these bones
What you are now, we were once
And just like we are, you'll be dust
And just like we are, permanent

The lights in the city are more or less blinking
Which side of the story decides what you're thinking
We'll amount in cold faces??
We're squinting, we're hurrying
We'll take inventory
We're digging, we're burrying

Do you remeber when the line was blown
Do you remember when it fell
Do you remember when you went to her house, remember ringing the bell

Look alive, see these bones
What you are now, we were once
Just like we are, you'll be dust
Just like we are, permanent
