

# Breathe Through Me

Naglfar

I worship thee,  
I want to feel your power flow through me  
Hear my plead,  
Come and rescue me  
Set my spirit free,  
Allow me to see  
Grant me the key to eternity

Do I matter?  
I ask myself  
How come no one remembers my name?  
I who served the light  
Who fell in love with the night

Free me from my shackles  
Pierce through my soul's disguise  
Grace me with the knowledge  
To see through the lies  
Make me one with you now and eternally  
Breathe through me for the world to see

Like sunshine after rain  
Lift me up, exalt me,  
Release me from pain  
Remove damnation's stain  
That torments me and  
Marks me as Cain

Free me from my shackles  
Pierce through my soul's disguise  
Grace me with the knowledge  
To see through the lies  
Make me one with you now and eternally  
Breathe through me for the world to see
