

# Got To Get Away

Nana Darkman

I've Gotta Get Away  
I've Gotta Get Away  
I've Gotta Get Away  
Get Away From This Pain  
Because It's Drivin' Me Insane

i bought a \$200.000 car in cash  
chain fully iced bling bling around my neck  
a pool a 100 acre yard and a pet  
the poor are skinny and i am on another diet  
i shop around the clock in the city the i-net  
it ain't me my visa card is buyin' it  
it's all cheap now the prices went divin'  
i am stuck in my world like a dot in a hyphen  
there is a god and a satan  
god is always home and satan is out chasin'  
you know the faces he'll be changin'  
african american asian and caucasian  
so it's beans or bacon  
there ain't no fun eatin' cake without the raisins  
i'm livin' in a devilish world in patience  
cash rules everything around me ain't it?

I've Gotta Get Away  
I've Gotta Get Away  
I've Gotta Get Away  
Get Away From This Pain  
Because It's Drivin' Me Insane

it's me myself and i and i  
my feet on the ground my nose in the sky  
you can't have no piece of my pie  
i am sorry man i have to survive

just bought me the other day a golden roli  
30.000 bucks 30.000 only(!)  
Bought me a third a fourth and a fifth car  
standin' in my garage don't know which car  
now i got to decide  
ini-mini-miny-mo it's you i will ride  
the blue 7.5  
pedal to the metal i pollute no lie  
so it's do or die  
so i thought i better do before i have to die  
i i'm livin' in a devilish world in patience  
cash rules everything around me ain't it?

I've Gotta Get Away  
I've Gotta Get Away  
I've Gotta Get Away  
Get Away From This Pain  
Because It's Drivin' Me Insane
