

## Nom de Guerre

## Napalm Death

An Alias, it's how I'm known  
A sideshow to a great unknown  
My best side is the furthest from...me!

A nobody  
In all my exertions  
Eking out an era

Undermined, Underling  
I'm sub-standard without a name

A somebody  
I'm since endowed  
Clambering across the feeble

Unrivalled, unequalled  
Peerless standards around my name

Undermined, Underling  
Kept behind so you would  
thirst for prestige  
Unrivaled, unequalled  
Selected, refined  
- stand and applaud
