

Think Tank Trials

Napalm Death

Think tank trials
Thought it out
Think tank trials
Thought it out and drew just blanks

When the simple terms elude me

Think tank trials
Short wavelength
Static spins my head

When the simple terms elude me

Inquisition is a basic function
I've exhausted
Inquisition
I've overthought
Searcher overwrought in dour,
aimless walls

Dead set against indecision
Sweat the details, still fail
Indecision
I'll contemplate while logic vacates
The dour, aimless walls

The heaped-up agitation
Of the narcissistic - Brood
Yet I won't entertain the simplistic
Viewpoints flood into every frame
- Brood
Removed over time from seeing
Anything straight

Scrutinize, obsess.

Think tank trials
Scrutinized
Think tank trials
And drew just blanks
