

## Reaching for the Top

Narnia

Here we are, we're on the road again  
We travel far, to see your smiling faces  
We bring the music, we'll bring the fire  
Standing on the solid rock  
The spirit takes us higher  
We wanna follow, we wanna go  
Share the joy, share the living hope  
We are the people, we are the crowd  
We are rebels and we sail above it all  
We rock, we go, we're reaching for the top  
We rock, we go, we're never gonna stop  
We rock, we go, we're reaching for the top  
We rock, we go, we're never gonna stop  
Turn up the music and play it loud  
We want to celebrate the victory on the cross
