Nas

Y'all niggas better not be coming around me with that fugazi no more, you know?  
Got that thang for your ass, you know?  
(I'm gonna, I'm gonna, I'm gonna, I'm gonna, I'm gonna  
I'm gonna have to leave you)

Yvette stylin' at Met Gala  
Tuna salad from La Scala  
Black sweats, swallow a lot of reefer  
God, it hard to quit the bottom feeder, lobster eater  
When I fast, I see Elijah's features  
A million cash for a Nas feature  
Nas cheaper, do it for free if you do it for me  
52 bar verse if the beat is movin' me  
Stumble through customs, coppin' Cubans at the Duty Free  
Layin' on the most expensive beds, still I'm losin' sleep  
Next to Jet's Beauty of the Week 1993  
Chin grabber, neck choker, in her mouth spitter  
Blouse ripper, ass gripper, that dig you out nigga  
I ain't gon' hold you, old head gave me old news  
I don't owe you, shoulda heard when I told you  
You are an extension of what I've worked hard to build  
You believe in your own lies, can't be real  
And the odds is that  
What you love can kill you, like a heart physician who dies from a heart attack  
I know the consumer behavior, I target that  
You impressed with what they wearing, I started that

It's kinda terrific  
The product of Slick Rick  
Somebody woulda told me then I would come outta this shit rich  
It started for business  
I woulda thought they was playin'  
All them niggas I ran with  
All that weight they was weighin'  
A light bulb switched in my mind at the classes I cut  
Just a spazz putting wax in the blunt  
The baddest I want  
She wear lipmatic to front  
We building businesses, you can be mad if you want  
It's bubbly 'til it's bubbles we see  
Drinkin' like Dean Martin is nothing to me  
The spirits is something I can't part and it's fun to be me  
So cheers, here's to the Kanye production this eve  
Watered roses, it's war, baby  
My nigga High said it's me, I drive 'em all crazy

(I'm gonna have to leave you  
Said I'm gonna, I'm gonna, I'm gonna, I'm gonna  
I'm gonna have to  
I'm gonna have to leave you  
So now I'm kissing you farewell for much too long  
For much too long)
