

Sing Another Song (And We'll All Go Home)

Nat King Cole

Sing another song
I don't mean to keep you fellas long
Sing another song and then we'll all go home

Harmonise some more
What's that funny one you did before?
Harmonise some more and then we'll all go home

You've been so kind and understanding
You're such a swell bunch of friends
Hope I'm not demanding
But before this evening ends

Sing another song
For a lonely guy whose love went wrong
Sing another song and then we'll all go home

You've been so kind and understanding
You're such a swell bunch of friends
Hope I'm not demanding
But before this evening ends

Sing another song
For a lonely guy whose love went wrong
Sing another song and then we'll all go home
(We'll all go home)
