

# Nothing Lasts Forever

Natalia Kills

You got a face like a doll  
will it last forever, no  
I just want your beautiful  
you don't need to think about it  
tell me things I wanna hear  
take the truth, I'll take the dare  
Feed me lies and eat my fear  
cut the chase and get right to it

We might never meet again  
(This might be the last time)  
Kiss me like the end will end  
(Press your lips right up my spine)  
pull that shirt, I'll pull the shade  
(dirty secrets, dirty lies)  
you can be my last regret  
my last regret

You're beautiful  
don't know your name  
it's all the same  
Nothing Lasts Forever babe  
You take it off  
I throw it all away  
I gave it to you first  
Nothing Lasts Forever babe  
Cash, Cars, Girls, Boys  
Nothing Lasts Forever babe  
Hot nights, bright lights  
Nothing Lasts Forever babe  
True love, first touch,  
Nothing Lasts Forever  
Nothing Lasts Forever  
Nothing Lasts Forever babe

[Billy Kraven]  
You taste like I like it  
acid mixed with alcohol  
step me up to take the fall  
nothing I can do about it  
hey don't take it personal  
worth the pain, I'm versatile  
quick before they milk it all  
no one gives a f\*ck about it.

We might never meet again  
(This might be the last time)  
Kiss me like the end will end  
(Press your lips right up my spine)  
pull that shirt, I'll pull the shade  
(dirty secrets, dirty lies)  
you can be my last regret
