

## Too Late

Natalia

I see my picture on you're wall  
You said you'd taken it down uhu uhu  
Is that my number on speed dial?  
Guess it's taking you awhile uhu uhu  
You go around like were done  
But weve only begun  
Tell the truth to yourself  
You might as well  
If it's too late  
Why are we talking on the telephone?  
If it's too late  
Why do I always get to take you home?  
If it's too late  
If we are over  
Should be colder  
Youre not walking away  
Why do you stay  
Is this the way you say goodbye  
You should try a little harder uhu uhu  
Cause your drivin me insane  
Your convictions always change uhu uhu  
You go around  
Like were done  
But weve only begun  
Tell the truth to yourself  
You might as well  
Stop pretending were breaking up  
We should be trying to make it up  
Don't you know what you mean to me  
Don't play me too much  
Enough is enough  
Its too late too late
