Why does your love hurt so much?  
Why?  
Why does your love hurt so much?  
Don't know why

You know I loved you baby  
But all the while you just betrayed me  
In the world of a day  
All the things that you said were

You said our love was secret  
But you left me alone to make it  
You want to come back someday  
But darling here's what I say

Why, Why does your love hurt so much?

You say you come back again someday but darling here's what I say

You say you come back someday but darling here's what I say
