

## Silver Lining

## Neck Deep

Can you see what I have become  
I've grown so cold I'm getting numb  
Down to the bone  
Because being real never worked out for me  
Playing these games is such a waste of time  
Somewhere down the line  
We'll just do this again  
I wish you could take me  
Or leave me as I am

Drown your sorrow in this bottle  
It's full of the things I'll never say to you

What you felt was placebo  
The stories that we wrote  
Are nothing more than ghosts  
A time we spent  
And you know that I know  
As long as the wind blows  
I always be here  
Searching for a silver lining in this

"Get off my back" she said to me  
Well get off my chest you should have seen yourself  
A few drinks and you missed me  
I told you not to kiss me  
But you still did  
And now you pull me under  
Fuck with my head and steal my thunder  
How typical  
And It's no wonder  
I'm stupid enough to think that there's something left

Drown your sorrow in this bottle  
It's full of the things I'll never say to you

You always want what you can't get  
I always want what I'll regret.  
Try walk a day in my shoes  
You'll know exactly how I feel  
I can't get you out of my head  
But I can't get out of my own bed  
Try letting this pull me down  
I guess I'll see you around

What you felt was placebo  
The stories that we wrote  
Are nothing more than ghosts  
A time we spent  
And you know that I know  
As long as the wind blows  
I always be here  
Searching for a silver lining in this
