

## Loving You

Negative

You are the one who makes me feel  
Like my life have a meaning  
It's hard to tell you that I care  
And all I want is that you kiss me

One more time before I die  
I know it's early  
But tomorrow I fear it's too late

Oh please don't say  
that it's not OK '  
cause it's not fair  
for me, loving you

So I live only for you  
I hope someday you feel the same way too  
This life is hurting We both know that  
Still all I want is....
