

## Misery

Negative

These are those days  
when I am yours  
pathetic little naked doll  
I'd like to give  
my life in your hands  
Forget that I asked  
forgive me for what I am

I close my eyes  
I still can see  
You are right here  
where I want you to be  
I'd like to help you  
only today  
Forget that asked  
forgive me for what I say

My baby cheated on me  
The whole world  
turned its back on me  
She left me here  
in this Misery  
The whole world  
turned its back on me

My speeding heart  
is overloaded  
I got to know  
what's going on  
I'd like to help you  
only today  
Forget that asked  
forgive me for what I say
