Up on the Roof

Neil Diamond

When this old world Starts a getting me down And people are just too much For me to face I'll climb way up to the top of the stairs And all my cares Just drift right into space

On the roof, it's peaceful as can be And there the world below Don't bother me, Let me tell you now When I come home Feeling tired and beat I'll go up Where the air is fresh and sweet I'll get far away From the hustling crowd And all that rat-race noise Down in the street

On the roof, That's the only place I know Where you just have to wish To make it so Let's go up on the roof Look at those stars darlin'

At night the stars They put on a show for free And, darling, You can share it all with me I keep on telling you That right smack dab In the middle of town I found a paradise that's trouble proof

And if this world Starts a getting you down There's room enough for two Up on the roof Way up on the roof
