Something So Strong

Neil Finn

Love can make you weep Can make you run for cover Roots that spread so deep Bring life to frozen ground

Something so strong could carry us away Something so strong could carry us today

Turning in my sleep Love can leave you cold The taste of jealousy Is like a lust for gold

Something so strong could carry us away Something so strong could carry us today

I've been feeling so much older
Frame me and hang me on the wall
I've seen you fall into the same trap
This thing is happening to us all, yeah

Something so strong could carry us away Something so strong could carry us today, yeah

Something so strong
Something so strong
Something so, so strong
