

You Better Leave That Girl Alone

Neil Sedaka

See that girl, she's with me,
And I don't like ya hangin' around my personal property.
You had your warnin',
So don't make me mad,
'Cause when I get through with you
You're gonna feel real bad.
You're in danger, heaven knows,
When you look at her you're flirtin' with a bloody nose.

I don't like violence,
But if that's the case,
I'm gonna have to do somethin' like re-arrange your face.
Hold on stranger, you better leave that girl alone
Her daddy don't stand no messin' around,
get one of your own.
Wait a minute, I got a fist as hard as stone,
So if you wanna keep all your teeth,

You better leave, leave that girl alone.
She's the one I adore
And if I am forced to, I'm prepared to fight a war.
I don't want trouble,
But I'm warnin' you,
I'm gonna take your brown eyes, make 'em black and blue.
I'm no bruiser, there's no doubt,
If you're gonna keep movin' in
I'll have to move ya out, I'm just a lover
And I'll protect what's mine,
So while you're still conscious,
I'll tell you one more time, wait a minute.

Hold on stranger, you better leave that girl alone,
Her daddy don't stand no messin' around,
get one of your own.
Wait a minute, I got a fist like Sly Stallone,
So if you wanna keep all your teeth,
You better leave, leave that girl alone.
So while you're still conscious,
I'll tell you one more time, wait a minute.

Hold on stranger, you better leave that girl alone,
Her daddy don't stand no messin' around,
get one of your own.
You better wait a minute,
I got a fist as hard as stone,
So if you wanna keep all your teeth,
You better leave, you better leave that girl alone.
You looking for a fat lip, mmm,
You better leave that girl alone,
I'll knock ya into Tuesday, yeah,
You better leave that girl alone.
A bloody nose, Cauliflower ear,
Your black and blue eyes'll cry salty tears,
I'm warnin' you, Leave that girl alone,
Leave her alone, leave her alone,
Leave her alone, leave her alone,
Leave her alone, leave her alone,

You better leave that girl alone.
