

# Dance Floor

Nesian Mystik

Chorus

Meet you at the dance floor

Baby lets pretend

You are my girl

I am your man

(Awa)

I know it's not for real

But we can groove like

We were lovers underneath the moonlight

Just till the end of the song

Then we can go back to what we were doing before

(Oldwun)

When you hear this jam play its time for me and you /

to meet in the middle of the floor for that rendezvous

/ nobody else matters in the spot but us / anybody got

a problem move to the back of the bus / aint no

fussin', no hidden agenda's, theres no frontin / when

it comes to us, you know its pure lovin / if it just so

happens to lead to somethin' somethin' / when it time

to leave you aint telling your friends nothin'..

Chorus

(Jonz)

So speaking hypothetically,

your out feeling the scene,

got your hair down, on the floor dancing with me,

just a lil bit of time is all it takes,

to step to the edge and take that leap of faith,

So when ever you ready, it's OK,

For 3minutes and 30seconds,

Come n sway my way,

get up and step out to the land of opportunity,

Nothing to worry about, Just you n me.

(Sabre)

Fast forward three years and we're still on the floor

But this time it's for real you're my girl

Matter fact lets be precise you're my wife

And Mr DJ still holds it down tonight

But this be the special edition the encore track

Dedicated to you, got the Dance floor packed

Our eyes meet together in the centre of the room

In amongst the crowd but all I see is you

Bridge

Let me break it on down,

Break it down like a slow jam,

Just take my hand, (just take my hand),

Cause right now I'm your man

Chorus
