

Robbin' Hood Heroes

Nesian Mystik

[Verse:]

Rags to riches / Star to addict / Ya'll know how the story goes
/ Around every corner and playground / There's someone that wh
o could have had it all / But for one reason or another/ Their
path went somewhere / Other than a world calling their name / F
rom A grade student/ To Class A users / What's happening with o
ur kids today?/ Poisoned by our own / Can't sleep anymore / Sis
ter's work on corners / Brothers keep on brawling' / So just te
ll me how the story ends / The question is where did it all beg
in

[Chorus:]

Robin hood heroes / Just a page in a fairytale lifestyle of the
ghetto / They robin' hood heroes / Goes on and on, Goes on and
on

[Verse:]

They deal to the rich / Give to the poor / Only metres from my
door / Turning street legends to urban myth / From Rucker park
all the way to Grey Lynn / From what could of to never been/ Be
the words in the song you sing / Not with trumpets instead wit
h violins / While you dance by yourself / So hooked / You can't
see you need help / So cooked / So its back to the bro you go
/ It hurts, cause you could have had it all

[Repeat Chorus]
