

## Say Hi for Me

### Neverending White Lights

Your eyes cry like mine  
And time, time will do you right

You lost the one you had  
Say hi for me  
If you see her passing by  
Say hi for me  
Love we kissed, we laughed, we cried  
Say hi for me, say hi for me

Hey love, where's the life I wanted  
Where has the life gone?  
Hey love, where's the love I wanted?  
Where has the love gone now?

(Yeah, yeah, yeah, yeah, yeah, yeah, yeah ah oh oh)

Your eyes cry like mine  
Everyone else gets the same old lie

You lost the one you had  
Say hi for me  
If you see her passing by  
Say hi for me  
Love we need to wave goodbye  
Say hi for me, say hi for me

Hey love, where's the life I wanted  
Where has the life gone?  
Hey love, where's the love you promised  
Where has the love gone?  
Hey love, where's the life I wanted  
Where has the life gone?  
Hey love, where's the love you promised?  
Where has the love gone now?

(Yeah, yeah, yeah, yeah, yeah, yeah, yeah ah oh oh)

Say hi for me, say hi for me  
Say hi for me, say hi for me

Yeah
