I can't sleep at night, I toss and turn Listenin' for the telephone But when I get your call, I'm all choked up Can't believe you called my home

And as a matter of fact, it blows my mind You would even talk to me Because a girl like you is like a dream come true A real life fantasy

Don't matter what your friends try to tell you We will even fall in love
And we will be together in any kind of weather
Just like that, just like that

Every little step I take, you will be there Every little step I make, we'll be together Every little step I take you, will be there Every little step I make, we'll be together

I can't sleep at night, I toss and turn Listenin' for the telephone But when I get your call, I'm all choked up Can't believe you called my home

And as a matter of fact, it blows my mind You would even talk to me Because a girl like you is like a dream come true A real life fantasy

Don't matter what your friends try to tell you We will even fall in love
And we will be together in any kind of weather
Just like that, just like that girl

Every little step I take, you will be there Every little step I make, we'll be together Every little step I take, you will be there Every little step I make, we'll be together

Every little
Every little step I take
Every little
Every little step I take
Every little
Every little step I take
Every little step I take
Every little
We'll be together

Don't matter what your friends try to tell you We will even fall in love
And we will be together in any kind of weather
Just like that, just like that

Every little step I take, you will be there Every little step I make, we'll be together Every little step I take, you will be there

```
Every little step I make, we'll be together

Every little step I take, you will be there

Every little step I make, we'll be together

Every little step I take, you will be there

Every little step I make, we'll be together

Every little

Every little step I

Every little step I take

Every little step I take

Every little

Every little step I

Every little

Every little step I

Every little step I

Every little

Every little step I

Every little

Every little step I take, you will be there
```

Every little step I make, we'll be together
