All About Her

New Found Glory

Let me practice this before I say it to you I know it might come out wrong but I want it to Another chance to fight Another way to make it right So forget all of your chances It's up to you to follow through Forget the way she was Cause it's the things she does that make me Sing about her She knows I care about her She said be gentle boy You show a lack of character Let me work this out Before I come back to you I know you Sometimes hate the stupid things I do Another lonely night Another way to make it right So forget al of your chances it's up to you to follow through forget the way she was cause it's the things she does that make me sing about her she knows I care about her she said be gentle boy you show a lack of character there is no other way this girl is so all about me I'm sorry I can't help the way Cause it's the things she does that make me Sing about her She knows I care about her She said be gentle boy You show a lack of character.
