

## Living In The Rose

New Model Army

The lovers they kiss and slowly they turn  
for drawing a breath there is nothing but time  
A thousand million years before we crash in the sun  
And I know we will be still here in Her arms  
In the thick black night we could lie in the grass  
And gaze at the sky and watch the satellites pass  
A thousand million miles, the earth She will turn  
Then still we will be here in Her arms  
And if we can float away in our dreams  
There's a city that waits under the sea  
The days to pass living in the rose  
The seeded land slow and old  
The scented air heavy and warm  
Whispers, touches...
