

## These Words

### New Model Army

Through the years of decay we walk like tigers in cages  
With each passing turn the smaller and smaller the circles  
Every weapon and word legitimate now as protection  
But these things should never be spoken  
These things should never be spoken  
I stand undefeated alone in the ring just pacing  
The sweat and the blood dried on my hands all wasted  
I'm shouting "come back and fight for I am the king"  
But the lights are all out and the people are gone  
We always burned brightest when no one was watching  
Now I kiss the lines on your beautiful face  
But these things should never be spoken  
And sometimes your hunger for life seems like desperation  
And when I read about the world these days all I can feel is ha  
tred  
The fortune teller is closing her doors  
She looked into the crystal and saw nothing at all  
They're waiting round here for something to happen  
They won't really want it when it rolls out to greet them  
But these things should never be spoken  
These things should never be spoken
