

# Rock the Shack

New Order

I've been accused of everything  
From Tombuctu to old Berlin  
I need some armor for my flesh  
I need to stop and take a rest

I've been wide-eyed but couldn't see  
I stand accused of being me

I believe in politics  
I believe in everything  
I believe this world of ours is giving me adrenaline  
When I hear a baby cry  
When I see an old man die  
That's just the way it is

Rock the shack, rock the shack, rock the shack, rock the shack  
Rock the shack, rock the shack, rock the shack, rock the shack

Yeah that's the way it is

I took each day the way it came  
I put my future out of frame  
The signs were there for all to see  
Like blue eyed mind to you and me  
My head laid on my beating breast  
I swear to you I pass the test  
I walked one hundred thousand miles  
And you're the judge who's been my trial  
? my trial

I believe in politics  
I believe in everything  
I believe this world of ours is just a den of vice and sins  
And even on the darkest night  
We could reach for the light  
And we could get it right

Get it right, get it right, get it right, get it right  
Get it right, get it right, get it right, get it right

I believe in politics  
I believe in everything  
I believe this world of ours is giving me adrenaline  
Ten thousand year ago  
Crawling on the floor  
Well get up Jack  
It's time to rock the shack

Rock the shack, rock the shack, rock the shack, rock the shack  
Rock the shack, rock the shack, rock the shack, rock the shack

It's time to get up
