

Lay Down

Newton Faulkner

We can leave no room
If we just hold on
To what we have
We can get through anything, anything.

I'm here,
I'm here for you.

Lay down beside me!
Let's float away!
Lay down beside me!

It will be alright
If we just hold tight
To what we have.
We can be unstoppable
Unstoppable.

I'm here,
Still here for you.

Lay down beside me!
Let's float away!
Lay down beside me!
I wanna fall into the dark.
And this will do until religion finds me

I wanna roll into your arms
There's nothing else, nothing else that I would be
I wanna fall.
Lay down beside me!
Let's float away!
Lay down beside me!
