

# Runnin'

Nico & Vinz

Ooh, don't fall, run away, run away  
Ooh, don't fall, run away, run away  
Now ooh, don't fall, run away, run away  
Baby, ooh, don't fall, run away, run away  
Ooh, don't fall, run away, run away  
Ooh, don't fall, run away, run away

Don't want the best of you, but I want the pearl  
Open your treasure and come into my world  
Say baby  
You knockin', you knockin', you knockin', your hands are sore  
Baby  
You tryin', you tryin', you tryin' the hardest gloves  
Baby  
You fallin', you fallin', you're down and it's too deep, oh yeah

It ain't your fault, my lady, time is not for us  
Don't you go leavin', your presence is way too good  
At least I'm honest about it all  
Don't you know? Girl, you know, I'm...

Too little to love  
But I'm in love with you loving me  
Keep runnin', runnin' from me  
Keep runnin', runnin' from me

I say I hate to break it down so cold  
Ooh shit, so cold  
But I don't wanna give you false hopes  
Hopes, false hopes  
Even your friends will say I'm so wrong  
So wrong, so wrong  
Though I know in my heart you got it  
I ain't giving you nutten but lovin'

I know it's not easy, easy  
Yeah, not easy, yeah  
Said I know it's not easy, easy  
Yeah, not easy, yeah  
Said I know it's not easy, easy  
At least you know where know we stand  
Telling the truth like a gentleman  
Telling the truth, I'm a gentleman

I ain't ready to retire, I ain't ready to tie down  
Even though you take me higher, whoa, take me high above the ground  
I love the way you, way you, way you tell me with love  
Oh but either way, I don't wanna tie down
