

Sleepwalking

Nicole Atkins

My, my, my, my past lives have got me weary
I, I, I, tiptoe past so you can't hear me
You wake up in the middle of the night
With your heart beating hard
Knowing something isn't right

I'm sleepwalking
Sleepwalking
Around the world I used to dream in

So much time has gone by but I'm still haunted
To forgive and forget is all I wanted
Past is past, I should leave it where it lies

I can smile to your face but you can see it in my eyes

I'm sleepwalking
Sleepwalking
Around the world I used to dream in
Waiting to begin again
Until then I'm sleepwalking

I'm sleepwalking
Sleepwalking
Around the world I used to dream in
Waiting to begin again
Until then I'm sleepwalking
