

The Worst Hangover

Nicole Atkins

I took a shot with bullet fight all night
... the town into the other side
My scenes from amber, these things are too well
Just pin my memory on the carousel, round and round

Operator, operator, give me no. 911
I'm dying, I'm dying

You never think I'm as bad as I do
Now get a whip, cry at the noose
It's a lush live out on broken shells
Just pin my memory on the carousel, round and round

Operator, operator, give me no. 911
I'm dying, I'm dying

Don't keep me waiting on the telephone
Quickly

Operator, operator, give me no. 911
I'm dying, I'm dying
