

## Don't Ask Me

Nik Kershaw

Mr. K comes out to play  
Inquisitive as ever  
He'd like to know a bunch of things  
He thinks you're pretty clever  
The height of Cyd Charisse  
The probability of chance  
The capital of Turkey  
And the president of France  
So

Don't ask me, got no genius to mention  
And I just don't know what to do, what to do  
Don't ask me, I'm the father of invention  
And you'll never know what is true, what is true

The origin of species  
The date of Waterloo  
Oppenheimer's shoe size  
And the latitude of Timbuktu  
The square root of thrity-eight  
Why they call he-goats billy  
The weight of Colonel Sanders  
And the whereabouts of Chile  
So

Before you go on may I make a suggestion  
To get to the truth,  
You must first know the question
