

Shame on You

Nik Kershaw

I would go to hell in a hat
If you asked me to, my love
It might be a good thing at that
For me

I would catch the breeze from the trees and the stars from up above
I'd go round the world on my knees
Or you

Shame on you, shame on you
Oh what does a boy have to do for you
Shame on you, shame on you
Oh what does a boy have to do

I would fight a great white with my hands
Just to see your pretty face
Ask me and I might serenade
For you

I would cross the seas for a smile and the warmth of your embrace
I'd only be too pleased to die
For you

Shame on you, shame on you
Oh what does a boy have to do for you
Shame on you, shame on you
Oh what does a boy have to do
