

# Yeah, Yeah

Nik Kershaw

All cried out and all used up  
You're as thirsty as hell  
But someone stole your loving cup  
And stopped ringing your bell  
Draw the curtains, lock your door  
And stay in to get out of it  
And love won't bother you no more  
No, no, no,

But I say  
Yeah, yeah, yeah, yeah  
If you're looking for someone  
Someone, somewhere  
Gotta be looking for you  
Out there, get out there  
If you're looking for someone  
Someone, somehow, sometime, somewhere  
Has gotta be looking for you

But it's heads they win and tails you lose  
And you couldn't care less  
So put away your dancing shoes  
And your favourite dress  
Take a back seat, watch the show  
You don't wanna get hurt  
All messed up, nowhere to go  
No, no, no

But I say  
Yeah, yeah, yeah, yeah  
If you're looking for someone  
Someone, somewhere  
Gotta be looking for you  
Out there, get out there  
If you're looking for someone  
Someone, somehow, sometime, somewhere  
Has gotta be looking for you

Blow your trumpet, bang your drum  
Sing it loud till kingdom come  
Hope you get to find someone

Yeah, yeah, yeah, yeah  
If you're looking for someone  
Someone, somewhere  
Gotta be looking for you  
Out there, get out there  
If you're looking for someone  
Someone, somehow, sometime, somewhere  
Has gotta be looking for you
