

Arms Around You

Nikka Costa

I'm not sure
If I gave enough
I should have told you what you meant
What was I afraid of
There's a shadow in my heart
Bigger than this lonely room
All of the time I thought we had
Has gone forever with you

Feel my arms around you
Even though we're not together
It's all I can think to do
Just wanna let you know I'm here
I don't wanna wait to let you know
I'm there wherever you are
So feel my arms around you
I might not get another chance to

There's so much to lose
Now when I look around
I wanna hold on a little tighter
And stay a little longer
Lets slow it down
Let me take care of you
And If I ever feel alone
I know that you'll carry me to

Feel my arms around you
Even though we're not together
It's all I can think to do
Just wanna let you know I'm here
I don't wanna wait to let you know
I'm there wherever you are
So feel my arms around you
I might not get another chance to
