

In My World

Nina Hagen

when I think about you
I have my own celebration
if the word is true
than you are the inspiration
I won't love without you
cause you are the inspiration
let the words be true
it's you to I give the dedication

I can think about you
and have my own celebration
if the word is true
than you are the inspiration
it's just the way it should be
we might have the perfect combination

if you ever leave me
call it sad situation
I need you
in my world
in my world I wanna do my love on you!!

Because I love you, baby hey baby baby
I want you baby hey baby baby
thinking of you baby hey baby baby
come on now, don't tell me maybe
wanna please you baby hey baby baby
I need you baby hey baby baby
I need you in my world
in my world I wanna do my love on you!!
